

NAFSIYAT CHOICE

About Nafsiyat

Nafsiyat helps people who experience psychological and emotional problems and find it difficult to access help due to several barriers, which might include areas such as, culture and language. We offer Intercultural Therapy, a unique approach delivered by therapists who work across cultures and languages and in some instances might share the patient's specific language and cultural background.

Nafsiyat Choice

Since 1983, we have provided interculturally tailored therapy to people in several North London boroughs through statutory contracts. We are now making our unique support available to a wider range of people through a new service called Nafsiyat Choice. We currently deliver individual therapy to people from any London borough on Monday and Thursday evenings. Our Choice therapy service is delivered on an open-ended and long-term basis.

Once you contact Nafsiyat letting us know you are interested in the Therapy we offer, we will contact you to offer you an assessment appointment. This can take up to 90 minutes with the assessor/therapist to explore and to discuss your emotional needs and to decide together how our therapy service can help. Upon the outcome of the assessment, you will then be referred to a suitable therapist who will contact you to offer you a weekly ongoing therapy session. Each session lasts 50 minutes.

Fee and methods of payments

The initial assessment session is £60. Our weekly fees will be between £40 and £80 per session depending on each individual financial situation, which will be determined during assessment. All fees are subject to a cancellation period of 2 working day. We accept payment by cash or by card on the day of the appointment.
